presents from a visitor

must be
"that thing for
enjoyment
purposes" of
the highest
quality

hm
hm

note: laughing jim/jims are hallucinogenic mushrooms.

isn't it
something
you're
supposed
to use it
after
making it
slimy?

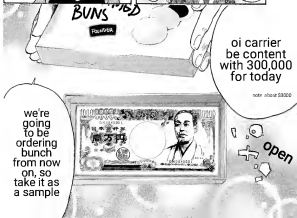

I'm glad
you all
seem
pleased
by it but
rather
than
drying it

I
wonder
how
many
people
it can be
used on
after
drying it

m....
must be,
yep....
definite-
ly....

they're
whispering
suspiciously
....Is she

who is
overflowing
with
sympathy

Selling

isn't
she
getting
money?

even if you're
about to get your
internal organs sold or
sent off to do manual
labor on a fishing boat
after getting caught by
the yakuza-sans...

y...

piling
assumption
upon
assumption

what kind of
help are you
expecting?

the stuff I can do are
the regular getting
very uncomfortable
sitting along side
you...

out of this
unreliable,
fat, and
useless pig
who is always
bullied

please
don't look
at me it's
impossible
I tell you

the dead are homophones

I didn't say
anything,
you all
convinced
yourselves
and are
snapping
all on your
own!

th...
this is a
misunder-
standing,
a false
accusation

I'll have them
forgive me by
getting on the
fishing boat
with those
student-sans
over there...

but since
it seems
like that
kind of
excuses
will work
on these
people

o... oi

ly getting
killed

**please

I don't care about
others, so

**these

are my
treasures

remember how
I said translating was
a pain last chapter?
IT'S A LIE. I'm sorry I
actually meant typ-
ing was a pain

because I had to
adjust the paragraphs
to fit in the space
provided, and it's
really annoying when
you have to go back to
edit text and move each
and every single word
one place just to make
a correction and stuff
also it could all be
deleted with one tap...

don't worry translating is very fun I think
